MEMOIRS.

REV. REUBEN H. MOFFETT.

Bro. Moffett was born in the town of Brimfield, Mass., July 21, 1797, and died October 17, 1863. When about two years old, his parents removed to New York. In 1834, he came to Illinois, and settled in the vicinity of Bayley's Point, now Tonica.

Bro. Moffett's parents were Baptists, and, as he informed us, gave faithful attention to the religious training of their children. We are not informed at what age Bro. M. experienced religion, but it must have been in his early manhood. At first he united with the M. P. Church; but on removing to this state, there being no organization of that body here at that time, he joined the M. E. Church.

Bro. Moffett was exercised about preaching the gospel soon after his conversion, but from an overwhelming sense of unfitness for the sacred calling, he hesitated fearing to go forward and not daring to make up his mind that he would not preach. In this state of suspense he was found by the late Rev. John Sinclair, to whom he unburdened his mind. Under the judicious counsel of the sainted man of God, Bro. M. was led to give himself to the work of the ministry.

In 1837, he was admitted on trial in the Illinois Conference, and appointed to Vermillion Mission, Peoria District; in 1838, to Washington, Peoria District; in 1839, Athens, Bloomington District; in 1840 and 1841, to Washington, Bloomington District; in 1842, to Mt. Vernon, Mt. Vernon District; in 1843, to Wauponset, Bloomington District. In 1844, by division of the conference, he became a member of Rock River Conference, and his name is returned on the Minutes "located," which we think is a mistake; for in frequent conversations, he never mentioned having located, and his wife told us that she was quite sure he never was located.

In 1845 and 1846, he traveled Iroquois Circuit, Washington District. He was superannuated in 1847, 1848 and 1849. In 1850, he was made effective, and appointed to Farmington Circuit, Peoria District. In 1851, he was appointed to Chillicothe Circuit, Peoria District; but early in the year his health failed, and at the next session of the Conference, held in St. Charles, in 1852, he received a superannuated relation, which he continued to receive annually until his death.

Bro. Moffett, when he joined the traveling connection, had a remarkably strong physical constitution; but while laboring on Iroquois Circuit, in 1846, he had an attack of "milch sickness," from the effects of which he never fully recovered. To those unacquainted with him he had the appearance of robust health, yet it required but very little exertion of any kind to prostrate him.

He possessed a good mind, and having the advantage of early culture was capable of taking respectable rank in the ministry anywhere. He was a man genuine courage. When satisfied of the righteousness of an object, he would pursue it at any hazard. He would rebuke sin fearlessly, and as an administrator of discipline he endeavored to "keep the rules, not mend them."

As a friend, Bro. Moffett was strongly attached and devoted. As a Christian he kept the faith. He was prepared to die, and often spoke of his ready departure. Although his death was sudden and very distressing in many of its circumstances, yet we all feel that it is well with him.

He willed one third of his very considerable property—real and personal to the Foreign Missionary Society. He left a wife and two daughters, who mourn in hope.

2. ON PETITION TO THE LEGISLATURE.

Your committee, to whom was referred the duty of preparing a Petition to the Legislature of the State of Illinois, respectfully submit the following Petition:

To the Honorable Senators and Representatives of the General Assembly of the State of Illinois:

Your petitioners represent that, whereas the statute, in chapter thirty, section one hundred and forty-seven, division eleven, for the punishment of "Offences against the Public Morality," &c., in such cases made and provided, is inoperative in regard to a large class of offenders, from the fact that the said statute makes no provision for the imprisonment of the offender, in case he, she, or they have no property out of which officer can make such fine: Therefore, we, your petitioners, most respectfully, but earnestly request your honorable body to make such amendments to the said statute as in your wisdom may deem necessary to secure the protection, peace and harmony of both schools, as well as "congregation or collection of citizens assembled together for the purpose of worshipping Almighty God."

We would, therefore, respectfully request that the aforesaid section be so amended to read, after the word "misdemeanor," in the tenth line, and upon conviction, shall be fined in any sum not exceeding fifty dollars, or imprisoned in the County Jail for a term not exceeding three months, or both, at the option of the court.

And your petitioners, as in duty bound, will ever pray, &c.

3. ON INCREASE OF SALARY.

A Memorial of the Members of the Central Illinois Annual Conference to the Friends, and Members of the Church within the bounds of said Conference :

We, the members of the Central Illinois Annual Conference of the M. E. Church in Conference assembled, to the members and friends of the Church, greeting:—

In view of the important interests involved we would beg leave to lay before you the subject of ministerial support for the ensuing Conference year.

Before this article meets your eye, about one hundred and fifty preachers connected with this body will have been assigned to their several fields of labor. They come to minister to you in spiritual things. They come looking to you—dependent upon you for an adequate support. Thus it is ordained of God, “They that preach the gospel shall live by the gospel.”

You will not think it strange then, dear brethren and friends, even with multiplied and precious remembrances of your abounding liberality in the history of the past, that we should now feel a deep solicitude with reference to the immediate future; nor does this anxiety result from even the remotest apprehension of our services being by you underrated, any more than it implies deterioration on your part. We feel that we have nothing to fear on these grounds. But we do believe that it would be quite unreasonable for us to expect of you, in these times of commercial disturbance, a mature understanding of the complications of ecclesiastical finance, especially while your minds are necessarily pre-occupied with business responsibilities peculiar to your own position.

Hence we deem it due to you, as well as to them who labor in love among you, that we should present a concise statement of facts pertinent to the subject, which facts may serve in some measure to guide you in your deliberations when you come to fix the salaries of your preachers, while the history of this generation affords no parallel to the extravagant prices which now rule, as one of the legitimate results of the terrible war which has so deranged our currency and distracted our commerce.

We would accordingly submit for your consideration the advance of groceries and dry goods, which we average at 300 per cent., and the further advance of all farm products, which we may fairly put at 400 per cent., the great staple commodity, *corn*, having advanced even 700 per cent.

Now we grant that on dry goods and groceries the people, as well as the preacher, are committed to pay the advance. But while this is true of the people, we aver that the farmer and the mechanic suffer no pecuniary disadvantage therefrom. The advance in the price of labor brings the mechanic up to a level with the times. He pays the farmer \$10 per barrel for flour which four years ago he bought for \$5, and he pays for it by turning out to the farmer a wagon at \$150, which flour at \$5 instead of \$10 would have procured for \$75 instead of \$150.

The farmer pays 33 cents per pound for sugar which previous to the war cost 8 and 10 cents. He pays 60 cents for coffee instead of 15. He pays 50 cents for cotton goods instead of 12½, &c. That is, he pays, just as the preacher does, say on an average, four times the former price of these articles. But how does he pay for them? We answer, he sells corn at \$1.00 which he then sold at 12½ cents. In other words, the farmer now receives 3 pounds of sugar in exchange for one bushel of corn, instead of 1½ pounds as formerly. He receives two yards of cotton for one bushel of corn, instead of one at the beginning of the rebellion. He now receives 1½ pounds of coffee for one bushel of corn, whereas, four years ago he gave 1½ bushels of corn for one pound of coffee. All this, you will see, brethren, tends to the *building up*, instead of the *impairing* of the circumstances of the farmer. We have illustrated by naming a single commodity. We might extend the application to almost every standard article upon which our industrious yeomanry rely for a competence and for prosperity.

We now turn to the mercantile fraternity. It will here be seen at once that high ruling prices are favorable, rather than otherwise, to their pursuits. They mate their profits by a per centum advance on the *cash valuation* of what they trade, without any particular reference to prices current.

From this view of the subject it is clear that the interests of the farmer, the merchant and the mechanic are quite similarly affected by the prices of the times; and it is well known that the learned professions have advanced their fees in the same ratio.

But, we ask you, dear brethren, where is the itinerant, who, by his position, is necessarily cut off from almost every resource, and is not a party authorized to deter-

what is requisite that he may escape destitution, not even to think of providing for the future, or sharing with those who, availing themselves of the times, are making large accumulations of property.

Dear brethren, look but for a moment, and you will see that the itinerant is not only deprived of the benefits accruing to thousands by virtue of the superabundance of currency, but he *stands between two fires*. He must pay the farmer's advance on the one hand, and the merchant's on the other; thus suffering all the disadvantages resulting from high prices with not even one advantage on his side. The itinerant alone is deprived of the power of placing upon his time and his services the valuation which would be commensurate with the demands of the times.

How many among our dear brethren even noted for liberality would, without investigation, see the consistency of estimating now \$1,200 where they estimated but \$400 four years ago? or \$2,000 instead of \$700 then? And yet this would be only in ratio with the 300 per cent. advance on such articles as enter into family consumption.

Bear with us, then, dear friends, while we urge upon you by every consideration of duty, consistency and justice, that you suffer not our Zion to languish, our altars to be dishonored, our religion to be reproached and our God offended by withholding from his cause while the angel of prosperity, smiling, guards and governs every interest connected with your farms, your shops and your stores. So may your souls be blest and your hearts and minds be kept in the knowledge and love of God.

JAMES H SCOTT,

In behalf of the Committee.

Conference Room, Rock Island, Ill., Sept. 17, 1864.

4. ON SUNDAY SCHOOLS.

The Committee on Sunday Schools beg leave to report that there are 300 schools, 3,339 officers and teachers, 16,019 scholars, 43,866 volumes in library. Amount raised for Sunday School Union \$293,80. There have been 640 conversions, thus showing that God blesses this means of Grace to the salvation of souls; therefore,

1. *Resolved*, That we as much as ever approve of our agencies in the instructing of our children, and will extend our patronage and support to them in preference to all others.

2. *Resolved*, That we will use our influence to keep up our schools during the winter, and will strive by the distribution of our *Sunday School Advocate* and other attractions to do so.

3. *Resolved*, That we approve of the editorial department of our Sunday-school books and papers, and will use our influence for their general circulation.

4. *Resolved*, That we recommend our preachers to carry out the Discipline in preaching and catechising our children on all suitable occasions, and impressing on parents the necessity of encouraging and supporting our schools.

J. MATHEWS, *Chairman*.

J. E. RUTLEDGE, *Secretary*.

5. ON EDUCATION.

By Bishop and Members of the Central Illinois Conference:

MY FATHERS AND BRETHREN:—Your Committee on Education would respectfully report we learn from the representatives of the institutions under the supervision of the Conference that they are all prospering, notwithstanding the disturbed condition of country, in all the usual facilities for imparting an academical and collegiate education.

Old debts are in process of liquidation, libraries and cabinets enlarged, and the number of teachers and their compensation somewhat increased. We therefore recommend the adoption of the following report:

ILLINOIS WESLEYAN UNIVERSITY.

Your committee take pleasure in reporting the success and growth of the Illinois Wesleyan University in all the essential elements of strength. The debt of the University amounting to \$7,951.81 has been paid, leaving no liability, except a small amount for current expenses. There is \$550 still due the teachers on salary, but the funds on hand are sufficient to meet the claim. The attendance of students has been and is steadily increasing. The whole number in all departments last year was 181, including the model school. The term just opened bids fair to show a large increase over last year. Indeed, there are more already enrolled than ever before at the same date in the term. The facilities for instruction are keeping pace with the demands of the institution. Another member has been added to the Faculty this year, and the additions made to the library and museum by the efforts of the President, especially at the Smithsonian Institute at Washington, have been valuable and gratifying. The healthy growth of the University imperiously demands increased effort on the part of its friends to supply its necessities. The amount paid for salaries to the teachers is inadequate to their support.

The buildings of the University, though good, do not afford sufficient room for its increasing wants. What steps in advance shall be taken to secure the desired means, and how we may meet the responsibilities that are thus thrown upon us in the providence of God, require our earnest and prayerful deliberation. We pledge ourselves to give to our University our hearty support and best counsel at this state of its history, when the institution promises more fruits to the Conference than ever before. We recommend the re-election to the office of Trustees O. T. Reeves, L. B. Kent, J. G. Evans and Wm. Smith, whose term of office expires at this time; also, the reappointment of Rev. O. S. Munsell, D. D., as President, and Rev. C. C. Knowlton, A. M., as Professor in the institution; also, as visitors from this Conference W. C. Knapp, Richard Haney, J. B. Craig, P. A. Crist, G. M. Irwin and J. E. Rutledge.

HEDDING SEMINARY.

The reports from this institution are encouraging in regard to its relief from its former financial embarrassments, and also in regard to its success in the number of its students during the past year; therefore

1. *Resolved*, That the Bishop is respectfully requested to appoint Rev. F. M. Chaffee exclusively to the agency of this institution.

2. *Resolved*, That we have undiminished confidence in Prof. J. T. Dickinson, A. M., the Principal, as a most faithful, devoted Christian teacher.

3. *Resolved*, That the brethren whose term as Trustees expires at this Conference, are hereby re-elected Trustees for a term of three years; and that the preachers stationed at Galesburg, Knoxville, Avon, Prairie City, Berwick and Abingdon Station and Circuit be appointed visitors to attend its annual examinations.

GRAND PRAIRIE SEMINARY.

WHEREAS, the Report of the Trustees and Faculty show this institution to be in a most prosperous condition; therefore,

2. *Resolved*, That we cheerfully re-affirm our desire to regard it under the patronage of the Conference, and that we will gladly welcome to our pulpits those who may be engaged in promoting its interests.

2. *Resolved*, That we recommend the Presiding Bishop to appoint Rev. Geo. W. Gray, A. M., Principal, O. W. Pollard, Professor of Mathematics and Commercial Science, and the Presiding Elder of Onarga District, Agent.

3. *Resolved*, That J. G. Evans, P. A. Crist, W. P. Graves, H. A. Hobbs and John Borland be appointed as a Visiting Committee.

MERCER FEMALE COLLEGE.

Resolved, That in accordance with the request of the Trustees of this institution the Presiding Bishop be requested to appoint Rev. C. M. Wright, A. M., Principal.

CENTENARY OF METHODISM.

Resolved, That a committee of three be appointed to correspond with the leading members of the Church and Conference, and prepare a place during the ensuing year for the Centenary celebration as recommended by the last General Conference, to report at the next Annual Conference; also,

Resolved, That the collections at the Centenary shall be appropriated, when not otherwise directed by the donors, to the permanent endowment of the literary institutions now under the patronage of the Conference in such *pro rata* proportions as may be determined by the Annual Conference; also, that the following persons be the Committee of Correspondence on the raising of funds on the occasion of the Centenary celebration; viz., Rev. O. S. Mansell, D. D., Rev. G. W. Gray and Rev. N. C. Lewis.

All of which is respectfully submitted.

JOHN LUCCOCK, *Chairman*.

G. M. IRWIN, *Secretary*.

6. OF SELECT NUMBER.

The Select Number in the case of W. J. Stubbles, report as follows:

We find charge 1st, Unchristian Conduct, sustained.

Also charge 3d, Mal-Administration, sustained.

We also decide that in view of the 1st charge being sustained, he be reprimanded in open Conference by the Presiding Bishop; and, that in view of the charge of mal-administration being sustained by the admission of the accused, we disapprove of the writing of such words as Copperheads upon Church Records, as Bro. Stubbles has done upon those of Whitefield Circuit, and we hereby order them expunged.

A. MAGEE, *President*.

J. S. CUMMING, *Secretary*.

Rock Island, Ill., Sept. 16, 1864.

We, the Select Number, to whom was referred the case of W. J. Smith, *et al.*, beg leave to submit the following report:

The charges and specifications against W. J. Smith, of immorality, being by our consent withdrawn by the prosecution, we, therefore, recommend that his character be passed.

The charge of mal-administration presented against him we declare sustained.

After duly considering the case against Bro L. B. Kent, and hearing the plea in abatement from him, we consider he has not had sufficient time to prepare for trial, and we decide that the case be summarily dismissed, and we recommend that the character of L. B. Kent be passed.

We would report also that we have investigated the charge and specification of immorality preferred against W. A. Presson, and we fully believe the charge is sustained; and we declare that he be, and is hereby expelled from the Methodist Episcopal Church, and that the Presiding Elder of the Macomb District be ordered to demand and receive his parchments.

Also, the appealed case of Joseph Richmond came before us, and after due consideration we feel justified in declaring that his appeal be not entertained.

By the consent of the defendant, the complaint against Bro. F. Smith for mal-administration was withdrawn.

A. MAGEE, *Chairman*.

G. M. IRWIN, *Secretary*.

The Select Number would beg leave to report the following:

The case of S. B. Guiberson on charge of immorality was taken up, and after hearing the arguments for and against entertaining the appeal, we decide that the appeal be not entertained.

A. MAGEE, *Chairman*.

G. M. IRWIN, *Secretary*.

7. ON BIBLE CAUSE.

Your Committee on the Bible Cause would report, for adoption, the following:

1. That the Central Illinois Conference has the utmost confidence in the American Bible Society.
2. That as a Conference we heartily indorse the plan of operation adopted by the State Agent, Rev. A. Lord, and that we will cordially receive and assist the traveling agents when they visit our respective fields of labor.
3. That in view of the great openings, in the providence of God, for the circulation of the Holy Scriptures, we consider it our duty, as heretofore, to assist in every possible way, in this great and Divine work.
4. That we consider the work of circulating the Bible, a work that belongs to our children also, and will endeavor to interest and engage them in supplying the destitute at home and abroad with the word of God.
5. That we fully indorse the policy of the American Bible Society in the great work of supplying with the Scriptures, our army, navy, the colored people, and the rebel army (under flag of truce), and pray that the blessing of the Divine Author, may rest upon every copy of the Scriptures so distributed.
6. That we will faithfully carry out the rule of Discipline requiring us to preach on the Bible Cause, and that we request the traveling agents to report to us the amounts paid by our societies and congregations.

A. H. HEPERLY, }
 J. C. RYBOLT, } Committee.
 B. C. SWARTS. }

8. ON TRACT CAUSE.

The Committee on the Tract Cause present the following report:

The receipts at the last session of our Conference were \$149.73. The receipts of the present session are \$158.07, showing an increase of \$8.34. Your Committee would recommend that an effort be made to increase the contributions to the Tract Society the ensuing year; therefore,

Resolved, That to secure this end we will take up collections for the Tract Society in all our congregations, exhorting our people to liberality.

A. H. HEPERLY, }
 J. B. CRAIG, } Committee.
 J. D. SMITH. }

9. ON AUDITING MISSIONARY ACCOUNTS.

To the Bishop and Members of the Central Illinois Conference :

DEAR BRETHREN: Your Committee to whom was referred the auditing of missionary accounts would report that, on examination, the accounts were all found to be correct.

Respectfully yours,

G. W. HAVERMALE, *Committee.*

Rock Island, Sept. 16, 1864.

10. ON STATE OF THE COUNTRY.

When a nation, threatened by either foreign foes, or domestic traitors, is struggling for existence, and when reckless men, grown insolent by indulgence, falter at no fraudulence that may weaken the power of the government and encourage rebels to more

vigorous efforts to destroy the nation, it becomes the duty of all loyal citizens to cherish unwavering allegiance to the government, and to render it all the support in their power.

As Christian Ministers we disclaim all desire to interfere with questions purely political,—bound, however, by our religious creed to allegiance to the government, and, interested in common with other citizens in the permanence of our institutions, we claim it to be our right—our duty—to give respectful, but plain and unequivocal expression to opinions we entertain, matured by prayerful investigation, upon questions now agitating the public mind; therefore,

1. *Resolved*, That we regard the executive officer of the government, chosen according to due forms of law, as “the minister of God,” entitled to reverence and obedience for “conscience sake.”

2. *Resolved*, That in preserving the nation from destruction, the Executive is fully justified in the use of every means rendered necessary by the exigencies of the occasion.

3. *Resolved*, That, among the measures adopted by the government for the maintenance of the Federal Union, we regard the proclamation giving liberty to the slaves in states in rebellion against the government, as eminently wise and patriotic; and, though necessity alone conferred the right on the Executive, a department of the government of greatly restricted powers, yet the exercise of that right was enjoined by the authority of the Supreme Ruler of the Universe; “Let the oppressed go free,” “Proclaim liberty throughout the land, to all the inhabitants thereof,” are injunctions, the neglect of which has brought upon us all the calamities we suffer as a nation.

4. *Resolved*, That though men of peace—ministers of the gospel of peace—shocked at the effusion of blood, pained with the cries of the widow and fatherless, keenly alive to all the horrors of internecine war—our sons are in the army—thousands of the members of our communion are there—many of them the fruits of our own labor, yet we earnestly, and solemnly protest against any adjustment of our present difficulties, that does not include submission to federal authority, freedom to the whole population, and the vindication of the insulted flag of the nation, by the infliction of exemplary penalties on the guilty leaders in their atrocious rebellion.

5. *Resolved*, That we regard the clamor of professional politicians for an armistice and for a compromise with rebels in arms, as the deceptive utterances of unprincipled men, whose inordinate ambition for office incapacitates them for appreciating the dignity of a government capable of vindicating its honor and protecting its subjects.

6. *Resolved*, That the patience, the bravery, and the magnanimity of our men in the army, sheds an un fading luster on the American arms—that we pledge to them our warmest sympathy and unflinching support, and that with fraternal joy we will welcome their return from the field of conquest, when the war is ended, and cherish the memory of the heroic dead as the martyrs of liberty.

7. *Resolved*, That we regard the Sanitary and Christian Commissions as twin sisters of celestial birth, who, by administering alleviations to the sick and wounded, have saved the lives of thousands of brave men—mitigated the sufferings of the dying, and cheered with immortal hope the departing spirit, as it plumed its wings for its upward flight. We pledge to them contributions to the full measure of our ability and the exercise of our social and ministerial influence.

8. *Resolved*, That the patience with which the colored man has endured the oppression of four generations, the forbearance he has exercised toward the guilty oppressor when providentially placed in circumstances to avenge his wrongs; the readiness with which he has sheltered, and fed, and directed our soldiers escaping from Southern prisons pursued by blood-hounds, and by men more fierce and cruel than they; the promptness with which, when permitted, he rallies around our flag, and the bravery with which he sustains it in the fierceness of battle-strife, have purchased for him a claim indisputable to all the immunities of an American citizen.

9. *Resolved*, That we recognize, with devout thankfulness, the Divine favor so signally manifest in the success He has given our armies in rescuing from the traitorous power the larger portion of the territory of which it intended to rob us, and in the encouraging indications that promise a speedy termination of the war; and that we will not cease to pray that the nation, humbled and forgiven, may come out of its fiery trial, purified, and fitted for usefulness among the nations of the earth.

GROVER & BAKER'S

CELEBRATED ELASTIC STITCH

SEWING MACHINES,

Were awarded the highest premiums over all competitors at the State Fairs of New York, Vermont, Iowa, Indiana, Michigan, Illinois, Kentucky, Pennsylvania, Ohio and Oregon, and at every respectable Institute and County Fair held in 1863.

MAKING THE
Grover & Baker and Lock Stitch.
 Price \$50.00.

GROVER & BAKER'S
 FAMILY Sewing MACHINE.
 WORKING THE
GROVER & BAKER and LOCK STITCH.
The only Machines that Stitch and Embroider PERFECTLY.

Every one regards the Sewing Machine as a blessing to women. It has been the saving of much toil, misery, and probably of the life itself. The "Song of the Shirt" is now obsolete; the more enlivening ballad, "The Song of the Sewing-Machine," has taken its place. We had heard, through our lady friends, of machines that would stitch, sew, hem, and of one that could make a perfect button-hole in a garment. We had supposed that perfection had almost been reached, knowing that these instruments performed all the necessities in sewing. But it seems they still had the "accomplishments" to learn. We are led to make these remarks, having recently seen some ladies' cloaks elaborately embroidered with this Sewing Machine. The work seems to excel anything executed by hand labor. Beside being more rapidly and cheaply executed, the work has a more regular, and consequently a much more beautiful, appearance. What is most remarkable about this novelty, is that the machine which executes this wonderful workmanship is the most perfect in all other respects—the embroidering quality being only an addition to its many other abilities of stitching, hemming, etc. Those of our lady readers who wish to view the instrument engaged in its charming accomplishment, can do so by stepping into Messrs. Grover & Baker's establishment.—*N. Y. Home Journal.*

GROVER & BAKER SEWING MACHINE Co. — *Gentlemen:* In reply to yours of the 24th inst., I have to state that the awarding committee in Class K, lot 46, at the State Fair of this society, report in regard to the entries of machine work made by you as follows:

- 1st. Quilting—Very elaborate work and perfect
- 2d. Fancy Stitching—Highest commendation, beautifully executed.
- 3d. Plain Stitching—Highest commendation and premium recommended.
- 4th. Silk Embroidery—Highest commendation.
- 5th. Worsted Embroidery—Highest commendation.

Very respectfully,
 JOHN P. REYNOLDS,
 Corresponding Secretary State Agricultural Society.

Michigan State Fair gave us the following Premiums:—1st premium for best Family Sewing Machine; 1st premium for best work done on machine; 1st premium for best display of machines.

Illinois State Fair report in favor of work done on machines. Premium recommended.

Iowa State Fair gave us—1st premium for shop, light and heavy work; 1st premium for best Sewing Machine for family use.

Wisconsin State Fair gave us 1st premium for best Family Sewing Machine.

These Fairs have just been held, and I think citizens will allow that our machines are not growing unpopular very rapidly.

I HAVE RETURNED TO MY OLD LOVE.

Such is the daily expression of thousands who have been induced to try the various
Hair Restoratives you see paraded in show-window cards and newspaper headings as
genuine hair preparations. Their real merit, when they possess any, is that they do
no harm. But the great fame of

PROF. O. J. WOOD'S HAIR RESTORATIVE!

acquired by a test of ten years, rests upon its real merit. Thousands all over the
country are using it, and it does all we claim it can do.

HAIR WILL GROW ON A BALD SCALP BY ITS USE.

Hair will turn from Gray to its original color by its use.

Hair will be Preserved and Beautified by its use.

Thousands of soldiers in the army have testified to the above, who had become gray
and lost their hair by sickness, change of climate and inattention while performing
camp duty. We do not claim a red headed gentleman or lady can be turned into indi-
viduals with raven locks or auburn ringlets. *But Gray Hair will be restored to the origi-
nal color by its use.*

Reader, wherever you live, in any place you reside, Wood's Hair Restorative is sold.
Inquire for it at all the Druggists, and wherever such articles are usually obtained, and
you will find it as we say.

Depot for the Northwest at 66 Monroe street, Chicago.

Sold in Chicago, St. Louis, Cincinnati and Detroit, by all the Wholesale Druggists,
and at retail by Druggists everywhere.

50,000 ACRES OF IMPROVED

AND

UNIMPROVED LAND FOR SALE, SITUATED IN LIVINGSTON AND McLEAN COUNTIES, ILL.,

AMONG WHICH ARE SEVERAL

IMPROVED AND STOCK FARMS.

These lands are mostly situated in the vicinity of FAIRBURY, a flourishing town, which is rapidly increasing in population and wealth, on the T. P. & W. Railroad. They are also convenient to the C. & A. Railroad, and to the *BEST MARKETS* in that section of the State, having facilities of Railroad communication to every part of the West. They are well supplied with, or are in the immediate vicinity of an *ABUNDANCE OF COAL*. Fairbury is now working very extensive coal mines of the best coal, it having taken the premium over all other coal in the State.

THERE IS GOOD PURE WATER IN ABUNDANCE.

These lands are among the very best in the country for farming and stock raising, being beautiful rolling prairie, with sufficient timber for all purposes. This is the best opportunity to purchase good land, improved and unimproved, ever offered in the West.

Also, *TOWN LOTS*, in the beautiful and rapidly growing village of Fairbury and suburbs, which will be sold very cheap.
